In re: Court Rule No: 2003 -47

Gentlemen:

We are writing in regards to the asbestos industry's attempt to have you change the law and deny and deprive us of our right to a trial by jury disguised as the above proposed "Court Rule."

The Michigan Constitution as well as the United States Constitution makes it clear that judges are not to make the law but rather interpret the law. Why is the Michigan Supreme Court even considering taking steps that would effectively change the law by denying

Michigan asbestos disease victims
their right to a jury trial of which
I am a victim.

It seems that Michigan
and the Michigan Supreme Court
are being used as tools of the
asbestos industry and big
business to deny working people
their constitutional rights to
jury trials when harmed by
corporate misconduct.

In fact, there has been one
asbestos case tried to verdict
in the entire State of Michigan.
All others settle before trial.

We sincerely hope you will
take this Court Rule No: 2003-47
under serious consideration and
tell them to put it where the
sun doesn't shine.

Thank you,
Mr & Mrs Rudolf Gross
